

Things to Bring

Bringing the following personal items will help you live more comfortably at Utah State University:

- bedspread/blanket
- pillows
- alarm clock
- towels and toiletries
- laundry basket
- sheets/pillowcases (mattresses are 36" x 80" which are longer than a regular twin)
- home telephone book and/or address book
- wall decor, throw pillows, various decorative items as desired.

(Please do not use tape or other types of adhesive for wall décor and make sure that they can be easily removed. A suggestion for hanging posters, pictures, etc., is white Plastitack and Command Hooks from 3M for putting things on the walls.)

Storage space in all buildings is extremely limited, so please plan accordingly. This is just a basic list of essential items. Feel free to bring items to make your room a home away from home.
